

**PUREZZA™**

PREMIUM WATER

# KMD B-140SA

Storage bin compatible with the KMD-210.

The B-140SA storage bin configures perfectly with the KMD-210 to ensure an ample supply of stored ice at all times.

\*Compatible KMD-210 Ice machine sold separately

## KMD-210 Ice Machine

The ice machine sits on top of the B-140SA ice storage bin, producing the ice which falls into the bin with each fresh cycle.

## Industry Leading

### Insulation

Foamed in place insulation ensures low melt rate ice storage.

### Sleek design

The stainless-steel exterior provides a long lasting attractive, yet hardwearing appearance.

### Low maintenance

Easy to clean with round edges for optimal hygiene.

### Adjustable height

Manufactured with adjustable legs to 90mm.

### Quality

Sturdy construction for side by side / stacking installation and non-corrosive bin liner provides safe and sanitary storage of ice.

## Technical specifications

### Dimensions

559mm (W) x 1016 (Adjustable Legs +90 –120) (H) x 820mm (D)

### Weight Gross / Net

67kg/ 52kg

### Net capacity (l)

140
